D-Dome Railless² System

PRODUCT SHEET

- ▶ High quality, German-engineered system optimized for residential installations
- ▶ Innovative, dual-tilt, low ballast system suitable for all orientations
- ▶ Fast installation with minimal component count result in low total installed cost
- ▶ 10 degree elevation angle
- ▶ High energy density
- ▶ 100% code compliant, structural validation for all solar states
- ▶ Wind tunnel tested by leading structural aerodynamic labs
- ▶ Reduced freight - it ships in a box

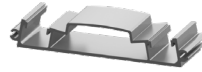

Components

Dome Peak R²

Part Number	Description
4000592	Dome Peak R ²

Dome Base R²

Part Number	Description
4000593	Dome Base R ²

Roof Protection Mat R²

Part Number	Description
4000592	Dome Roof Protection Mat R ²

Omega Wire Management Clip

Part Number	Description
4005394	Omega Wire Management Clip

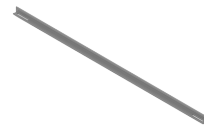

Dome Mid Clamp

Part Number	Description
4000603	Dome MC Silver, SS UL2703+ 30-33mm
4000604	Dome MC Silver, SS UL2703+ 34-39mm
4000605	Dome MC Silver, SS UL2703+ 40-44mm
4000606	Dome MC Silver, SS UL2703+ 45-50mm

Aluminum End Clamp

Part Number	Description
4005344	CrossRail EC Silver, AL 32-33mm
4005169	CrossRail EC Silver, AL 34-36mm
4005290	CrossRail EC Silver, AL 37-38mm
4005170	CrossRail EC Silver, AL 39-41mm
4005291	CrossRail EC Silver, AL 42-44mm
4005171	CrossRail EC Silver, AL 45-47mm
4005292	CrossRail EC Silver, AL 48mm
4005172	CrossRail EC Silver, AL 49-50mm

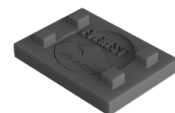

Dome Porter R²

Part Number	Description
4000568	Dome R ² Ballast Porter, 61-67 inches
4000570	Dome R ² Ballast Porter, 74.5-80.5 inches

Dome Corner Strut R²

Part Number	Description
4000637	Dome R ² Corner Strut

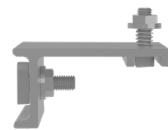

Roof Spacer Mat

Part Number	Description
4000636	Roof Spacer Mat R ²

ILSCO Lug

Part Number	Description
4000960	ILSCO, SGB-4, Lug

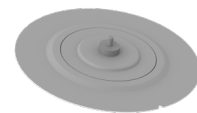

Dome Microinverter & Opt Mount Kit

Part Number	Description
4000646	Dome Microinverter & Optimizer Mounting Kit

Anchor Bracket

Part Number	Description
4000639	Anchor Bracket for Porter Kit

Anchors

Part Number	Description
4000335	OMG PowerGrip Plus
4001442	Eco Fasten Eco65
